

**Nicola Thomas, Senior Lecturer, City University and Chair CKD Forum**

## **HOT TOPICS IN MANAGEMENT OF EARLY CKD**

### **The CKD Forum and recent initiatives.**

The CKD Forum is a project group of the BRS, and the group has a multi-professional membership representing primary and secondary care.

This session will describe the Forum's activities over the past year, including development of an on-line learning resource for primary care, an education & training package for the administration of IV iron in a non acute hospital setting, and collaboration with the NHS Kidney Care team on two special-issue primary care journals.
