CALL FOR ABSTRACTS

Abstracts are invited from all members of the multi-professional team involved in the clinical care of renal patients and from all those involved in research related to renal disease.

We look forward to receiving abstracts on all aspects of renal disease/renal patient care, thereby maintaining the meeting's role as a forum for discussion of issues chosen by those at the sharp end of renal care. In particular we would welcome abstracts that are related to the main topics of the meeting.

ALL ABSTRACTS MUST BE SUBMITTED ONLINE. For access to the Abstract Submission form and further details please go to either:

www.britishrenal.org or www.renal.org
